Barzani Charity Foundation: A Legacy of Compassion

Masrour Barzani*

As the Barzani Charity Foundation continues its unwavering commitment to humanitarian endeavors, both within our region and across borders, we reflect with pride on a year brimming with remarkable achievements and aid initiatives.

In 2022, the Barzani Charity Foundation embarked on numerous crucial projects and initiatives. Among them, a standout achievement was the distribution of multiple housing units to the families of revered Kurdistan martyrs and low-income families. The inaugural phase included the allocation of 368 housing units in Duhok, with plans for further implementation in other cities.

of the Kurdistan Region.

The Barzani Charity Foundation has a storied history of supporting the families of Kurdistan's martyrs, extending its hand without regard to geographic boundaries or political affiliations. Beyond the borders of the Kurdistan Region, the Barzani Charity Foundation has reached out to impoverished communities, not only within Iraq but also in neighboring nations and across the globe.

Today, the Barzani Charity Foundation stands as a testament to continuous growth, occupying a position of great importance, trust, and respect on both local and international stages, thanks to its generous contributions and charitable initiatives.

I extend my heartfelt gratitude to the President and the entire dedicated team at the Barzani Charity Foundation for their tireless efforts in upholding our sacred duty of charity and assisting those in need. May you continue to find success in your noble endeavors.

I also wish to express my appreciation to all agencies, organizations, and charitable institutions that collaborate closely with the Barzani Charity Foundation, working together to execute shared initiatives and projects. To the private sector donors in Kurdistan, your steadfast support remains invaluable.

May the Barzani Charity Foundation thrive and progress further, sustaining its mission to provide aid and relief to the underprivileged in Kurdistan Region, the surrounding region, and the world. May it forever shine as a beacon of humanitarianism, philanthropy, and compassion.

* Chairman of the Founding Board of the Barzani Charity Foundation

The Barzani Charity Foundation will be present wherever needed

Musa Ahmed
BCF- Headquarter

One of the things that comforts the soul and mind is giving. It doesn't matter how much it is, because it gives comfort to the giver. Working at the Barzani Charity Foundation over the past years has given us that spiritual peace and serenity. Although it takes more effort for us and the teams of the Barzani Charity Foundation to show humility, we are very confident that we have been able to convey this message to the beneficiaries. We have never considered a favor to our beneficiaries what we are doing, because we consider it our priority and we adhere to this principle, which is one of the prominent cultures of the Barzan region and the Kurdish prominent leader Mustafa Barzani.

The success of the Barzani Charity Foundation in recent years is not only due to the humility of ourselves, our teams and donors. It was neither coincidence nor luck, but it stemmed from the pure intentions on which the Barzani Charity Foundation was established.

As a testimony to history, I would like to mention that in one of the meetings with H.E. Masrour Barzani, Chairman of the Founding Board of the Barzani Charity Foundation, we pointed out the support of investors in particular and the Kurdish people in general to the foundation. He said: «Anything that is done for God and humanity with pure intention, will be implemented as planned or even better.»

The successes of the foundation we witness now, and that its donations, assistance and support increase year by year, despite a solid plan, is the product of the pure intention that H.E. Masrour Barzani pointed out.

Now, 18 years after the establishment of the Barzani Charity Foundation, we can proudly speak of its achievements and successes. Although it has great support at home, the Barzani Charity Foundation has also received a lot of material and spiritual support internationally and has become the identity and hope of Kurds abroad and inside the country.

It is an identity for those Kurds who face adversities anywhere in the world, either themselves or their loved ones, they look to the foundation to come to their aid.

It is hope for all the Kurds that when someone seeks refuge in their country, or humanity faces a disaster, they are sure that the Barzani Charity Foundation is there for them.

Therefore, we are proud of ourselves, of the Barzani Charity Foundation and the Chairman of the Founding Board of the Foundation and say: We will be present wherever needed.

About The BCF

The Barzani Charity Foundation (BCF) is a non-governmental, non-political and non-profit organization that was founded in 2005 in Erbil, the capital city of the Kurdistan Region of Iraq (KRI). Mr Masrour Barzani is the head of the foundation's board of founders.

Guided by the motto of Mustafa Barzani which says that "It is an honour to serve one's own people," the BCF started its activities. The BCF has obtained official licenses from the Iraqi and Kurdistan Regional Governments and the United States licensed the BCF in 2016.

In the coordination and Management meeting of the United Nations in April of 2016, the BCF was granted Consultative Status at the United Nations Economic and Social Council (ECOSOC). It was officially licensed by the British Charity Commission in April of 2020. It was also officially registered as a charity organization in Kuwait in 2016.

The BCF's humanitarian activities have transcended Iraq's borders and it has carried out various activities to assist the most vulnerable in Turkey, Syria, Australia, Bangladesh, Yemen, Saudi Arabia, Serbia, Lebanon, and South Sudan. The BCF's projects rely on its sponsors and donors and are supported by volunteers.

The BCF's headquarters is currently based in Erbil, the capital of the Kurdistan Region of Iraq. The foundation opens offices wherever needed to implement humanitarian projects.

Mission

Providing humanitarian aid without discrimination to vulnerable populations in the pursuit of peace and sustainability for humanity and nature.
